

Material Shop USER GUIDE

REGISTRATION

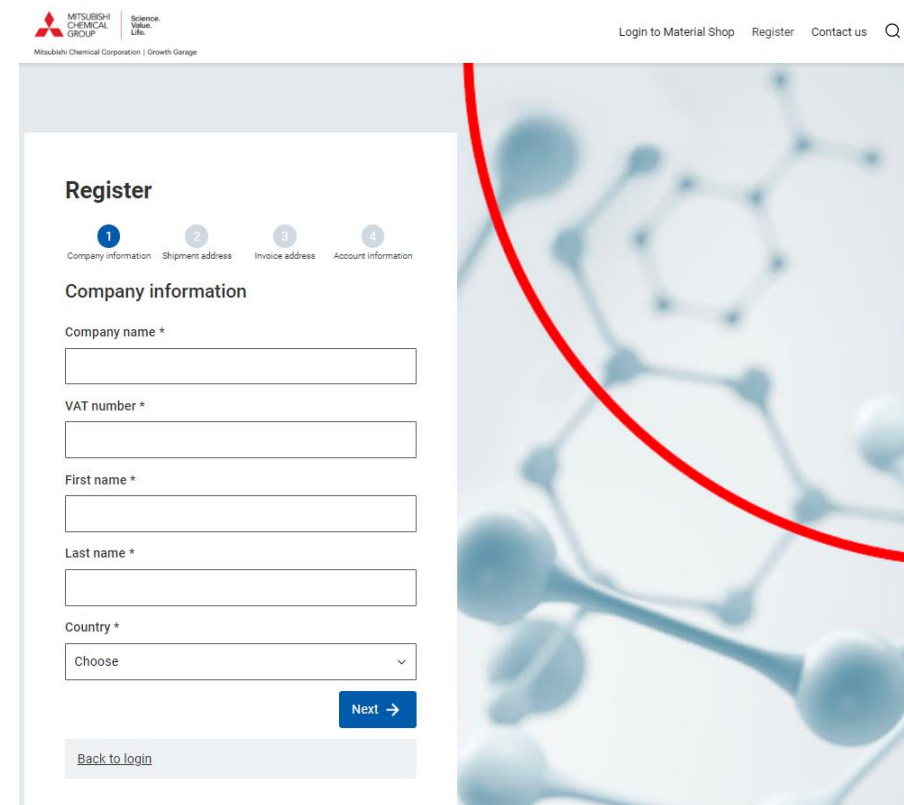

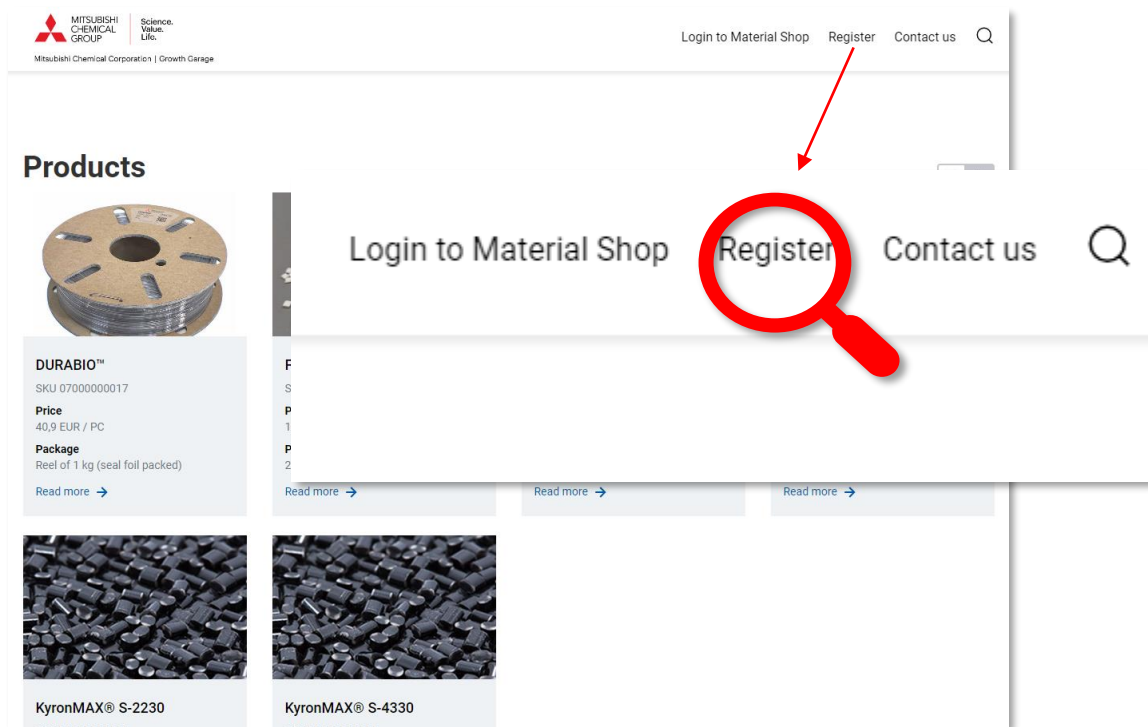

Step 1: Open <https://material-shop.growthgarage.mcgc.com/>

Step 2: Once the homepage of the shop opens, you find the Register tab and the Login tab in the right upper corner in the main menu.

Click on **Register** and a new screen will appear.

Step 3: Every user needs to register only once to create his personal account. During the registration there are 4 steps that need to be completed. Fill in the fields and choose a password. Once you click on the **Register** button, your personal account is created and you will receive an email to activate your account.

(We recommend to save your password in your browser.)

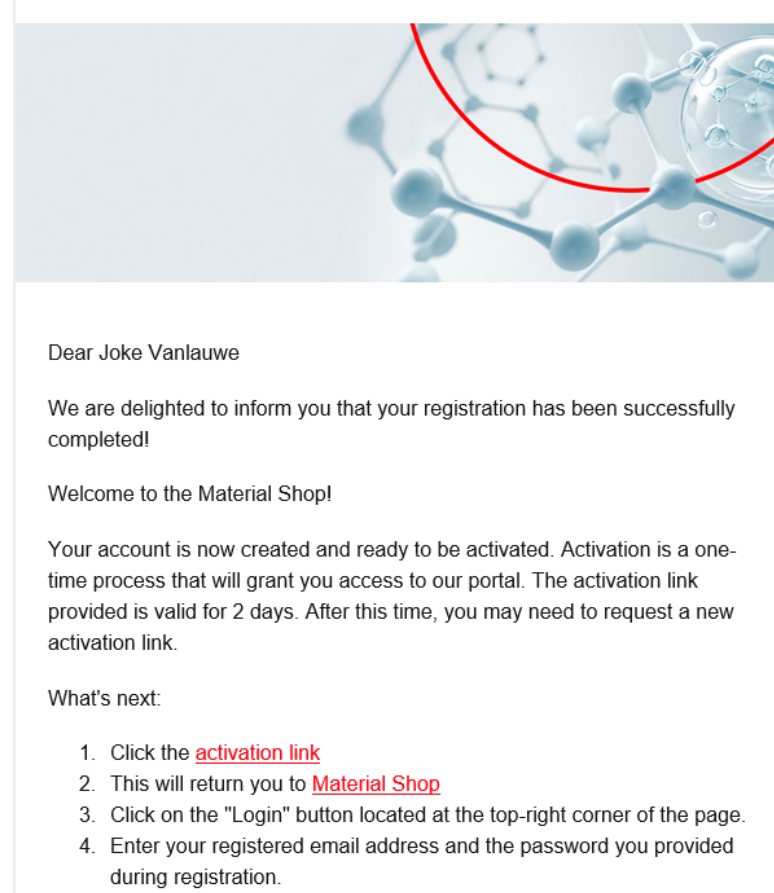

ACCOUNT ACTIVATION

Step 4 : You will receive an email in your mailbox with the request to **activate your account**. Click on the link in the mail to validate your account. This step is an important security step to protect our customers data and especially your personal data and payment information.

Material Shop Administrator :

Once you activated your account, the material shop administrator will connect you to the portal, enabling you to browse through our products and access their prices at your convenience.

LOGIN

Step 5: As a user you only need to register once to create a personal account. To have access to the shop, click on the **Login** tab in the right upper corner menu of the page.

Fill in your email address and the password you've chosen during your registration.

Product Information Documentation

PRODUCT INFORMATION

Description

DURABIO™ a transparent bio-based engineering polymer developed by Mitsubishi Chemical. DURABIO™ its transparency similar to that of PMMA but with a much better impact behavior and an improved heat resistance. DURABIO™ beats the well-known inferior properties of PC in regards to scratch resistance, hardness and chemical resistance. That is why DURABIO™ closes the gap between PC and PMMA.
